

Money Trivia

Despite their name, the U.S. nickel doesn't have much nickel in it. Today's nickels are made of a substance called cupronickel, which is an alloy made of mostly copper and a little nickel. The same alloy, 75% copper and less than 25% nickel is used to make dimes quarters and 50-cent pieces. All were made of silver until 1965

Now is a great time to refinance your home – really! With rates at an all time low, you should call Todd Medley at the Main Office in Portsmouth, Brenda in South Shore, Jim Younkin in Wheelersburg or Keith Solomon in Waverly to finally hear some great news about the mortgage industry. Because at American Savings Bank, loans are our business and business is good!

Meet Mike Gamp
ASB CFO

Many people see Mike around the area – either running (literally) around town early in the morning, at the bank or serving on several organizations in the area. Mike has been at ASB since 2000, sits on the Board of the Scioto Foundation and recently, was the President of the Chamber of Commerce.

Mike is originally from Minford, attended the Ohio State University for his undergraduate degree and is not only a certified public accountant, but has also obtained his MBA from Morehead University.

Mike enjoys traveling to participate in various marathons and has competed in the New York City Marathon, the Boston Marathon and attends the Flying Pig Marathon in Cincinnati annually to help the Steven A. Hunter foundation raise funds.

Mike enjoys watching the Ohio River from "Camp Gamp" with his wife Lora
